Welcome to CATS Academy Boston

“Where ambition is applauded”

Welcome to CATS Academy Boston, where we deliver the unparalleled combination of a respected CATS education within the impressive campus of the long-established Trinity Catholic High School (founded in 1893) to US and international students.

For over 60 years, we at CATS have been encouraging ambition, recognising potential and allowing students to stretch their abilities, nurtured in a challenging atmosphere which is also safe and well-supported. We will help you achieve success and seize valuable opportunities for personal development.

We now bring that well-proven ethos to Boston, one of the world’s premier study destinations where neighbouring universities including Harvard and MIT help to shape CATS Academy Boston as the perfect academic environment for those aspiring to top US colleges and universities.

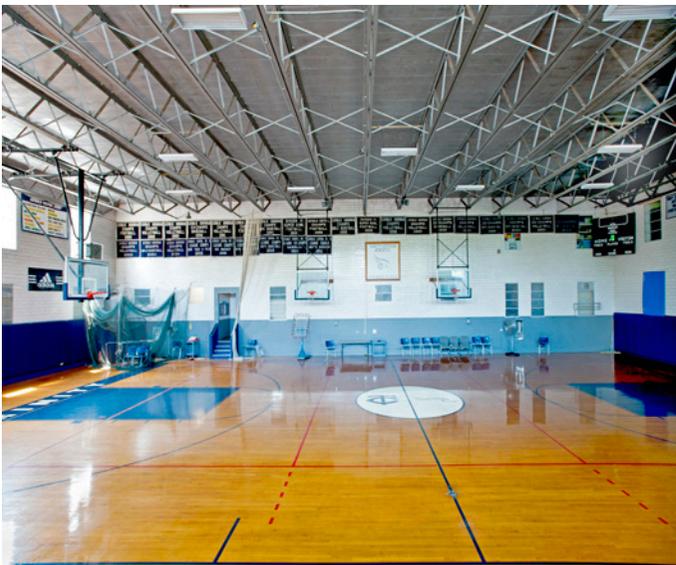

With almost 30 years’ track record in ‘Head of School’ positions, I am committed to helping our young adults fulfil their academic and life ambitions.

A handwritten signature in cursive script that reads "Charles F. Clark".

Dr Charles F Clark
Head of School, CATS Academy Boston

Our school and facilities

Housed within grand buildings (built in 1924), the impressive CATS Academy Boston grounds provide a campus of over 55,000 square foot, surrounded by landscaped gardens and sports facilities. The school comprises over 15 modern classrooms, a library, dining hall and gymnasium.

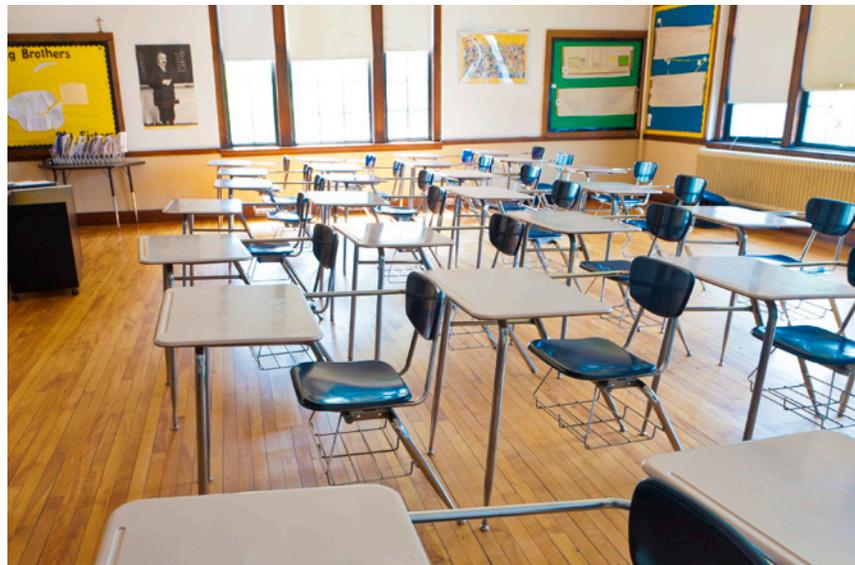

School address:
575 Washington Street, Newton, MA 02458

Our programs

- High School Diploma
- Advanced Placement Course

Students will be able to enter across years 9-11 where they will follow the high school Diploma. The curriculum comprises of core subjects as well as electives that can be chosen to suit the individual. Advanced Placement courses will be encouraged in addition to the core curriculum to secure entry to the top universities.

Students will be embarking on a 'CATS Academy Boston Program at Trinity Catholic High School' which is the official name for visa purposes.

Track record of nurturing independent learners

“At CATS, because we are treated as adults from the beginning, this encourages us to become independent and mature by the time we are ready for university. Here, you are respected as an individual with your own strengths nurtured.”

Suoemi Koroye
Boston University, Computer Engineering

Academic excellence, results and university preparation

“Academic excellence for leaders of tomorrow”

CATS has a long history of helping students achieve entry to the world’s best universities. Students benefit from a range of study techniques that ensure their potential is met:

- Individual Learning Plans, tailored to every student to match their style of learning and working
- Regular assessments, to ensure students stay on track with their learning and prepare for exam scenarios
- Regular revision classes to top-up knowledge and revisit areas of misunderstanding
- Working smarter not harder, small class sizes offer plenty of personal attention and study techniques to help you work more effectively

- Specialist programs available for intending medics, Ivy League and gifted and talented students to foster the independent thinking and study skills required
- Developing skills in accelerated reading, critical thinking, argument and lateral thinking and specific subject knowledge.

95% of CATS students said they had a good relationship with their teachers

Our Boston location

“Offering an intellectual and academic life virtually unmatched by any other American city”

Located in the heart of Newton, a leafy suburb, just 15 minutes from central Boston, CATS Academy Boston is situated in an ideal location for learning. Recognised for its quiet, safe neighborhoods, Newton offers the unrivalled combination of a location that is safe and allowing for focused study, while being minutes away from a major city.

With the city of Boston on their door-step, students enjoy a close proximity to some of the world’s highest ranked universities. Home to two of the three top universities in the world, a population where 1

in 5 residents are students and with easy access to New York or the coast for weekend trips, Boston’s academic history is matched by a location which makes it one of the world’s greatest cities.

Boston city’s wealth of opportunities for internships and services provide students with opportunities to lead lives that will make a difference in the world.

Sports and Community Service

Students who wish to, are able to enroll in a wide sports program which offers the excitement of competition in activities such as soccer, basketball and cross-country running or in recreational sports such as fitness and dance, competing internally but also with other schools within the Boston area.

Our Community Service program allows students to fully experience and integrate into Boston's vibrant community. Volunteering opportunities are taken in a range of institutions, charities and local groups allowing students to develop into well balanced, caring and rounded individuals.

Boarding

As a CATS Academy Boston student you will board in dorms off-campus, a short journey from the School. 24 hr residential supervisors will ensure you are safe, secure, comfortable and fully integrated into residential life.

Students will enjoy access to a gym, plenty of communal space, pool tables and be just a short walk from local shops, café's and train station which takes students directly into the centre of Boston.

Accommodation is offered on a full board basis.

For enquiries and applications:

CATS Academy Boston is accepting applications for September 2012 start for entry at grades 9, 10 and 11.

Note that students will be embarking on a 'CATS Academy Boston program at Trinity Catholic High School' which is the official name for visa purposes.
