

Alternative Collection Location

As an independent school, UKVI can send your Biometric Residence Permit directly to us. We will then hand them out to you during the induction week.

You will need to make UKVI aware that you want them to send the BRP card to us when you make your visa application.

During the online application process you will need to complete the 'BRP Collection Location' section shown below:

Application Completed
Declaration Signed
BRP Collection Location
Book Appointment
Pay for Application
Print Application

You will find the ACL code on your final CAS document. Please enter that code in the "Alternative Location" field.

You can see the relevant box below:

Residential Address Postcode:
